

12 MILE PAVEMENT REPAIR, HAGGERTY TO FARMINGTON, TO START IN AUGUST

The Road Commission for Oakland County (RCOC), in partnership with the City of Farmington Hills, will replace sections of bad concrete on 12 Mile Road between Haggerty and Farmington roads.

PROJECT DETAILS

The project involves selective removal and replacement of distressed concrete pavement.

SCHEDULE

The work will start in early August and be completed by the mid-November.

IMPACT ON TRAFFIC

12 Mile will remain open to traffic throughout the project, but will be reduced to one lane in each direction.

However, **Drake Road will be closed** at the south

side of 12 Mile for approximately 19 days while the Drake/12 Mile intersection is completed. The detour for Drake traffic during the closure will be 11 Mile to Halsted and back to 12 Mile and vice versa.

FUNDING & CONTRACTOR

The project will cost approximately \$2.6 million. \$2.1 million will be paid for with federal dollars. The remainder will be shared by RCOC, Farmington Hills and Oakland County general government (through the Tri-Party Program). The work will be performed by Florence Cement Company of Shelby Township.
