

NOVI ROAD, FROM SOUTH OF 9 MILE TO NORTH OF 10 MILE, TO BE RESURFACED STARTING IN SUMMER

The Road Commission for Oakland County (RCOC), in partnership with the City of Novi, will resurface Novi Road from south of 9 Mile Road to just north of 10 Mile Road.

PROJECT DETAILS

The project will include:

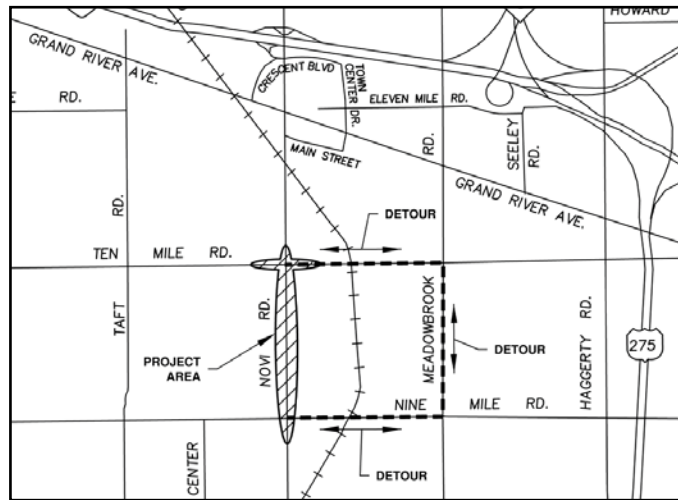

- Grinding off (milling) of the existing asphalt road surface of Novi Road from Vero Ct. (just south of 9 Mile Road) to Nick Lidstrom Dr. (south of 10 Mile Road) and resurfacing with three inches of asphalt.
- Removal and replacement of three culverts under this section of Novi Road.
- Replacement of deteriorated concrete slabs at the Novi Road/10 Mile intersection.
- Improvements to storm sewer and drainage.
- Upgrades to guardrail.
- Upgrades to pedestrian crossings to comply with the Americans with Disabilities Act (ADA).
- Upgrades to traffic signals at the 9 Mile Road/Novi Road and Nick Lidstrom Dr./Novi Road intersections.
- Extension of the center left-turn lane on Novi Road from Nick Lidstrom Dr. south to Little Falls Blvd.

SCHEDULE

The first step in the project will be tree removal, which will begin in March. The project will then be conducted in two stages:

Stage 1

Stage 1 involves the replacement of the three culverts within this section of Novi Road. This stage is expected to begin in the summer of 2022 and be completed within approximately six weeks.

During stage 1, **Novi Road will be closed to through traffic between 9 Mile Road and 10 Mile Road.** Local access will be maintained for homes and businesses within the project area.

The detour route for through traffic will be 9 Mile Road to Meadowbrook Road to 10 Mile Road and back to Novi Road and vice versa.

Stage 2

Stage 2 involves the resurfacing of Novi Road from Vero Ct. to Nick Lidstrom Dr. Stage 2 will start following the completion of Stage 1.

During stage 2, **this section Novi Road will remain open for southbound traffic, but will be closed for northbound traffic.**

Following the completion of stage 2, the concrete slab replacement at the Novi Rd./10 Mile Rd. intersection will be completed.

All aspects of the project, except the traffic signal upgrades, will be completed by mid November. Traffic signal work will be completed by spring of 2023.

PROJECT COST AND FUNDING

The project is expected to cost approximately \$3.8 million. Eighty percent of the cost will be covered by federal road funds, with the remainder shared by RCOC, Novi and Oakland County general government (through the Tri-Party Program).

ADDITIONAL INFO

Additional information is available on the project page of the RCOC website (www.rcocweb.org). Simply click on the "Road Projects" button on the site home page and select "Novi Road" from the list of projects.
