**PIPE CULVERTS AND STORM SEWERS**

RCOC/SAD:RS/YE

Page 1 of 1

20SAD401A  
ORG: 01-04-21

**a. Description.**

This work shall be done in accordance with the requirements of Section 401 and Section 402 of the *2020 Michigan Department of Transportation Standard Specifications for Construction*, except as indicated herein.

**b. Materials.**

Pipe material shall be as called for on the plans and in accordance with Section 909 of the *2020 Michigan Department of Transportation Standard Specifications for Construction*. No substitution or alternates will be allowed without prior approval by the Engineer.

Corrugated steel pipe shall be from aluminum coated sheets per Section 909.05.a.1 of the *2020 Michigan Department of Transportation Standard Specifications for Construction*.

**c. Construction.**

All work shall be in accordance with the contract documents.

**d. Measurement and Payment.**

Increased or decreased work required by changes in pipe flow line elevations of 2 feet or less will not be considered as a basis for an adjustment in contract unit prices. Increased or decreased work required by changes in pipe flow line elevations of more than 2 feet will be paid for at an adjusted unit price agreed upon before the work is started.
